A close-up photograph of a hand wearing a blue nitrile glove. The hand is holding a pair of silver metal pliers, which are being used to twist a thin, brown wire around a thick, blue-coated steel rebar. The rebar has a ribbed texture. The background is a solid, deep blue color.

JSW Smartbind
Premium Binding Wires

Nothing binds better
than the trust of
our premium-quality
Binding Wires

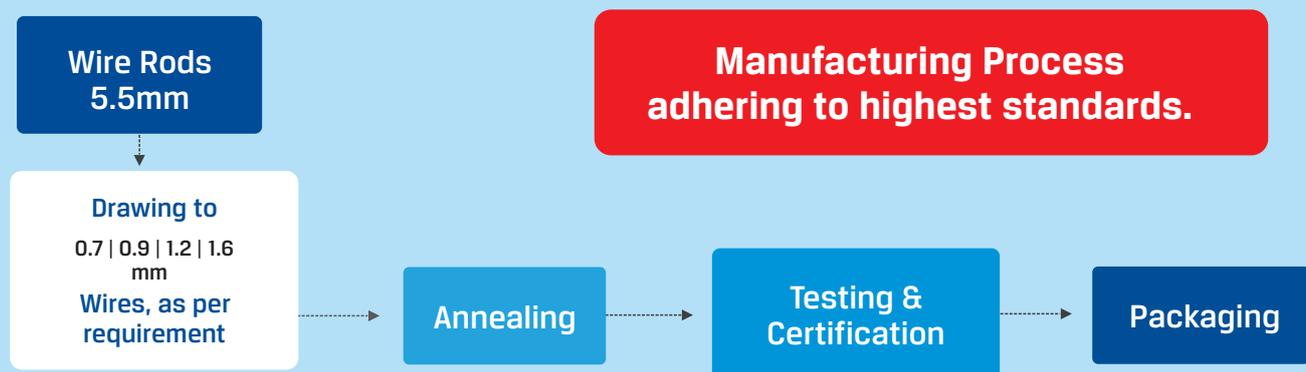

The promise of quality that you can trust blindfolded.

JSW Smartbind is drawn out of 5.5 mm JSW Wire Rods of premium quality. So, each time you choose Smartbind, you choose worry-free binding experience every single time.

JSW Wire Rods

World class products manufactured through the cutting-edge mill at Vijaynagar Plant.

- High-speed wire rod mills (120 mtr/sec)
- Excellent mechanical and consistent chemical properties
- Low Sulphur and Phosphorous content (0.005%-0.035%)
- Low tramp elements
- Dimensional accuracy guaranteed by an automated thickness control system using advanced numerical models

Product Properties

Sizes 0.60mm | 0.71mm | 0.91mm | 1.22mm | 1.60mm

Chemistry

C	Mn	S	P
0.10% max	0.30% - 0.50%	0.030% max	0.030% max

Properties

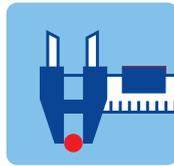

Tensile Strength	— max 500 MPa
Wrapping test	— Pass
Heat treatment	— Annealed

Other features : Comes in unique packaging. Available in 5,10, 25 & 50kg packets.

Advantages of JSW Smartbind

Made from the best quality JSW Wire Rods

Uniform size in entire length ensures higher length per kg

Flexibility ensures that the wires don't break on tying

Proper heat treatment while manufacturing makes it flexible yet strong

Higher strength ensures lasting performance

Higher Quality results in lower wastage and brings savings

Application

Used extensively in construction sector to tie rebar together.

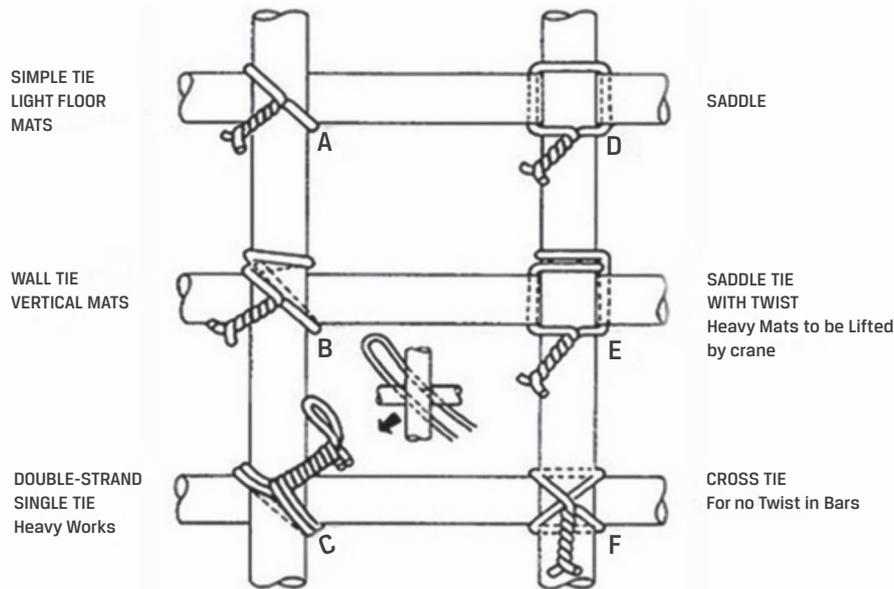

Figure: Six ways to tie rebar.

JSW Steel Ltd

JSW Steel is the flagship business of the diversified US\$ 22 billion JSW Group. As one of India's leading business houses, JSW Group also has other business interests in sectors such as energy, infrastructure, cement, paints, sports and venture capital. JSW Steel has grown from a single manufacturing unit in early '80s to become India's leading integrated steel company with a steel-making capacity of 28 MTPA in India & USA, including capacities under joint control & new capacity to be commissioned at Dolvi during this year. Its roadmap for the next phase of growth includes a target of achieving 37.5 MTPA steel capacity by FY25. JSW Steel has always been at the forefront of research and innovation. It has a strategic collaboration with global leader JFE Steel of Japan, enabling JSW to access new and state-of-the-art technologies to produce & offer high-value special steel products to its customers. JSW Steel is widely recognized for its excellence in business. Some of its key honours and awards include World Steel Association's Steel Sustainability Champion (2019 to 2021), Leadership Band Rating (A-) in CDP (2020), Deming Prize for TQM for its facilities at Vijayanagar (2018) and Salem (2019), among others. JSW Steel is the only Indian company to be ranked among the top 10 global steel producers by World Steel Dynamics for 10 consecutive years. As a responsible corporate citizen, JSW Steel's carbon reduction goals are aligned to India's Climate Change commitments under the Paris Accord.
